Satisfaction Data:

What led you to choose the South East Brisbane Steiner School as a school of choice for your child? What advantages of the school's approach have made a difference for your child?

Smaller class sizes - meaning teachers can be more available to help individual children if they need more support, more traditional hands on interactive learning (not just sitting all day), minimal technology, no uniform, less intense & less pressure for kids to achieve academic excellence (allowing them to be where they're at so long as they keep progressing as an individual).
